**AHRI certifies Blue Star's new air cooled and water cooled chiller test facilities**

Air conditioning and commercial refrigeration major, Blue Star Limited, on August 25, announced that the Company's new air cooled chiller test

facility – the largest in India, and water cooled chiller test facility, have both been certified by AHRI in accordance with their 550/590 and 551/591 standards. These new state-of-the-art chiller testing facilities established at the Company's R&D centre at Wada, India, have the capability to test air cooled chillers of up to 440 TR in capacity and water cooled chillers of up to 712 TR in capacity respectively, and can simulate the widest range of operating conditions encountered in chiller applications. These test facilities fully comply with industry standards and are designed to test products as per both Indian and International standards.
